Publications: Prof. F.B. Lewu

Sneha Mohan, Oluwatobi. S. Oluwafemi, Soney. C. George, V. P. Jayachandran, **Francis B.Lewu**, Sandile P. Songca, Nandakumar Kalarikkala, Sabu Thomas, **2014.** Completely green synthesis of dextrose reduced silver nanoparticles, its antimicrobial and sensing properties, *Carbohydrate Polymers*, 106: 469-474

**FB Lewu*, and AJ Afolayan, **2011**. Plant Growth Regulators, light and Temperature Influenced Micropropagation and successful establishment of *Vernonia amygdalina* Del. *Journal of Agricultural Science and Technology* B Vol. 1 (2) 216-222

**FB Lewu* and Yoseph Assefa, **2010**. Influence of farmers’ practice on sustainable food production in northern KwaZulu-Natal, South Africa. *Aspects of Applied Biology 96, Agriculture: Africa’s “engine for growth”-* Plant science & biotechnology hold the key, pp. 25-32

**FB Lewu* and DS Grierson and AJ Afolayan, **2010**. Influences of seed source, pre-chilling, light and temperature on the germination of South African *Pelargonium sidoides*. *Journal of Agricultural Science and Technology* 4 (3): 18-23
