WHAT CAN YOU STUDY THROUGH YOUR SUBJECT COMBINATIONS?

Here’s a guide to navigating through the back of this brochure.

Faculty of Health & Wellness Sciences
Faculty of Applied Sciences
Faculty of Informatics & Design
Faculty of Education
Faculty of Business & Management Sciences

English Mathematics or Mathematical Literacy
Physics Science Life Science

English Home Language or First Additional Language
Mathematics or Mathematical Literacy
Graphic Design & Design (Portfolio of artwork)

English Mathematics
Physical Science

Engineering & the Built Environment

NOTE: Operations Management requires Mathematics and not Mathematical Literacy

Geography Business Economics Economics

NOTE: For Urban & Regional Planning it is recommended that you have Commerce subjects and Geography

English Business Studies
Mathematics or Mathematical Literacy
Recommended Either Accounting or Economics

English Home Language or First Additional Language
Mathematics or Mathematical Literacy
Graphic Design & Design (Portfolio of artwork)

Operational Research
NOTE: Learners with Commerce subjects and Mathematics (mainstream) can only apply for the Diploma in Construction Inhabited in the Faculty of Engineering & the Built Environment. Mathematical Literacy will not be accepted within the Faculty of Engineering & the Built Environment except for Clothing & Textile Technology.

Pay the application fee

NOTE: Students registering for the first time must apply for study visas from CPUT not any other university in South Africa.

Social Science

Do you hold a National Senior Certificate (NSC)?

Find your subjects by scanning the code.

Do you hold a National Certificate (Vocational)?

Find your subjects by scanning the code.

MANUAL APPLICATIONS
Do you qualify to apply manually?

Manual applications are only available to the following persons:

Please note: a non-refundable application fee will be applicable.

• Applicants applying for HPL (Recognition of Prior Learning)
• Non-South African citizens
• South-African citizens with international qualifications
• Students with a NCV
• Applicants with refugee Status
• International students

THERE ARE 7 STEPS FOR APPLYING MANUALLY (via a printed application form)

1. Choose a qualification
2. Complete an application form
3. Gather your documents i.e. copies less than 3 months old including SAQA evaluation certificate
4. Fill in the application form
5. Pay the application fee
6. Hand deliver or post your form and certified copies of documents to the campus where the programme is offered: Distric Six/ Baillevo/ Mowbray/Walhalla Campuses
7. Follow-up and get your admission status via the online application tracking system by visiting: www.cput.ac.za/application

ONLINE APPLICATIONS
Do you qualify to apply online?

You may apply online if you fall within the following categories:

NB: NO MANUAL (HAND COPY) APPLICATIONS WILL BE CONSIDERED FOR THE FOLLOWING CATEGORIES OF APPLICANTS

• National Senior Citizens
• Students with disabilities
• International students
• Applicants applying for RPL (Recognition of Prior Learning)
• Applicants applying for Foreign Language courses

THERE ARE 5 STEPS FOR APPLYING ONLINE

1. Choose your qualification by consulting the brochure or the website
2. Gather your documents i.e. copies less than 3 months old
3. Download the online application guide available on our website for information on how to apply online
4. Complete your application online by visiting: www.cput.ac.za/study/apply
5. Follow-up and get your admission status via the online application tracking system by visiting: www.cput.ac.za/study/track

APPLICATION STATUS

• Track progress of your application/s using the Student Portal.
• Submit the required documentation online. See the notes regarding the application/s.
• Official letters containing your application status will be available for download when ready.

WHEN WILL IT COST?

Our course fees vary, are reviewed annually, and are payable in advance. Learn what you should know.

R 750 +
458 ÷ 10 =
32.1

CLOSING DATES

31 AUGUST
University Academic Year/ In-House Business Dates

30 SEPTEMBER
South African Matriculation

OPEN APPLICATIONS: 13 MAY 2019

CALCULATING THE APS SCORE

The APS is calculated using the percentage score for the 4 highest scoring subjects, subtracting the required subject such as Mathematics (Mainstream) or Life Orientation and adding up all the raw scores, and dividing by 10.

For example:

SUBJECT PERCENTAGE CALCULATION
English 50% 5
Mathematics 60% 6
 Accounting 50% 5
 Life Orientation 20% 2
APR score (max) 230 ÷ 10 = 23

METHOD 1: Best of six subjects

The APS is calculated using the percentage score for the 6 highest scoring subjects, subtracting the required subject such as Mathematics (mainstream) or Life Orientation and adding up all the raw scores, and dividing by 10.

For example:

SUBJECT PERCENTAGE CALCULATION
English 60% 6
 Mathematics 60% 6
 Accounting 50% 5
 Life Orientation 20% 2
 Physical Science 40% 4
 Chemistry 50% 5
APR score (max) 350 ÷ 10 = 35

METHOD 3: Double Maths and Science plus English and the next best subject

The APS is calculated using the doubling the percentage score for Mathematics and Accounting, and then adding the 5 best remaining subjects (excluding Life Orientation), then dividing by 10.

For example:

SUBJECT PERCENTAGE CALCULATION
English 80% 8
 Mathematics 80% 8
 Accounting 50% 5
 Life Orientation 20% 2
 Physical Science 40% 4
 Chemistry 50% 5
APR score (max) 450 ÷ 10 = 45

CALCULATING THE APS SCORE

NOTE: The Orientation cannot be included in the calculations.

You have to meet the individual subject admission requirements for the courses you are applying for. CPUT uses the method that applies to the qualification you are applying for. Only the highest subjects are included in the calculations.

In addition to the listed points for South African applicants, South African applicants who are also residents in South Africa must also meet the minimum points for Mathematics and Physical Sciences (if by and if all points add up to the raw scores, then divide by 10).

STUDY VISAS

International applicants are required to apply for a student permit by completing Form DS-1578. You may apply at the Department of Home Affairs in the VOCAL office or online. If you are applying from your country, you will receive a reference number, which you must provide your local authority. International students are required to apply for a study permit by visiting the Application & Registration Office (ARC) at CPUT. Please note that this must be done before the start date of your programme.

IMPORTANT STUDENT GUIDE

International prospective applicants can download the International Student guide at www.cput.ac.za/studentinfo/ international for further details. These details are also available on the application form.

ARE YOU AN INTERNATIONAL APPLICANT?

Your fee structure is based on your fee classification, which is determined by yourfee classification, which is determined by your country of origin. If you are a citizen of a non-South African country, you must apply for a student permit. If you are applying from a South African country, you must apply for a study visa.

Students using a passport should register with Study in South Africa, which clearly indicates that you are taking up studies at CPUT not at any other university in South Africa.

In addition to the points listed for South African applicants and South African applicants who are also residents in South Africa, students must also meet the following minimum points for Mathematics and Physical Sciences (if by and if all points add up to the raw scores, then divide by 10):

• 310 administrative fee (non-redeemable), once-off payment for all applicants applying for the same course, except for refugees and applicants with permanent resident status in SA.

• An applicant is required to meet the minimum points for Mathematics and Physical Sciences (if by and if all points add up to the raw scores, then divide by 10).

• Applicants from African and SADC countries are required to submit the fees that South African students are required to pay.
