

Cape Peninsula University of Technology

Consolidation of Departments and Faculties at the Cape Peninsula University of Technology, effective January 2012

In January 2012:

- We will continue the phased-in consolidation of management students on the Cape Town campus. In January 2011 all 1st year management students were registered in Cape Town. In January 2012 all 1st year and 2nd year Management students will register in Cape Town and the programme will be consolidated in the Civil Engineering Building on the Cape Town campus.
- We will begin the phased-in consolidation of accounting programmes in January 2012. All 1st year Accounting students will register in Cape Town and the programme will consolidate in the Civil Engineering Building on the Cape Town Campus.
- Currently the Information Technology programmes are dispersed across various buildings on the Cape Town Campus. By January 2012 all ICT programmes will be consolidated in the Mechanical Engineering Building in Cape Town.
- The entire Building Department will be consolidated in the Business Building on the Bellville campus.
- The entire Civil Engineering Department will be consolidated in the ABC Building on the Bellville campus.
- We will continue the phased-in consolidation of education students on the Mowbray campus. In January 2011 all 1st year education students were registered in Mowbray. In January 2012 all 1st year and 2nd year education students will register in Mowbray. The current infrastructure in Mowbray is being extended to accommodate the additional students.

Macroplan for Consolidation

- Consolidate Business programmes in Cape Town (Close to the CBD)
- Concentrate Science, Engineering and Technology programmes on the Bellville Campus
 - possibility of Science Park in Bellville Precinct
 - SET Research Focus Areas (interdisciplinary)
 - possibility of collaboration with UWC
- Consolidate Education in Mowbray (college)
- Consolidate Informatics & Design in Cape Town (close to East City Design Precinct)
