

BACCALAUREUS TECHNOLOGIAE

OCCUPATIONAL HEALTH NURSING
(Post-basic qualification)

BACCALAUREUS TECHNOLOGIAE OCCUPATIONAL HEALTH NURSING (Post-basic qualification)

Course Aim

The course offers nurses registered with the South African Nursing Council (SANC) as Professional Nurses, the opportunity to specialise in occupational health nursing and leads to a qualification as an Advanced Occupational Health Nurse Practitioner.

Career opportunities

This course provides SANC registered professional nurses with an opportunity to upgrade their academic qualifications and develop an area of specialisation.

The BTech in Nursing leads to registration with an additional qualification in Occupational Health Nursing Science (R212).

After obtaining the BTech Nursing, a further six months of study is optional and will lead to the registration with SANC as a Nurse Administrator.

After obtaining the BTech Nursing, nurses are eligible to continue with further study for a Master's Degree.

Admission requirements

- Proof of current registration as a General Nurse with SANC.
- Proof of membership with a professional body for indemnity purposes e.g. DENOSA / NEHAWU/ HOSPERSA/SASOHN or others.
- Both registrations have to be maintained for the duration of the study period.
- Community Service post-training must have been completed.

- Recent curriculum vitae must accompany the application form.
