COPYRIGHT

The issue of copyright is one which needs to be taken very seriously indeed. Copyright controls the use of intellectual property and is governed in South Africa by the Copyright Act No. 98 of 1978. The Regulations of the Act make provision for certain exemptions, for instance for academic or educational use. Copyright is also applicable to the use of online material.

The Cape Higher Education Consortium (CHEC) acts as a copyright clearance centre for the tertiary education institutions in the Western Cape. For detailed information please visit the Publishing Liaison Office of CHEC at https://chrysalis.its.uct.ac.za/cgi/cgi_plo_user.exe

Alternatively contact Janetta van der Merwe at (021) 763-7112 or email jwv@chec.ac.za
