Choose a qualification by consulting this brochure or the website.

Gather your documents (i.e., certified copies less than three months old).

Choose a qualification and follow-up to get your admission status via the online application.

Pay the application fee.

Fill in the application form.

Download the online application guide available on our website for Radiography.

Start your career in Medical Imaging & Therapeutic Sciences.

Do you want to help cure diseases? As a radiographer, you will make use of various techniques to diagnose and treat patients.

You can choose between the following BSc Radiography programmes:
- Diagnostic Radiography
- Radiation Therapy
- Nuclear Medicine Technology
- Diagnostic Ultrasound

A career in the field offers you the perfect balance between modern technology and the fine art of healing, and work well in diverse work situations, including treatment simulation, graphic displays of modern technology.

A career in this field offers you the perfect balance between modern technology and the fine art of healing, and work well in diverse work situations, including treatment simulation, graphic displays of modern technology.

The following persons may only apply online, to obtain information on the structure and function of work-Integrated Learning (WIL) is compulsory for all four levels of study.

You will learn about the following BSc Radiography programmes:
- Diagnostic Radiography
- Radiation Therapy
- Nuclear Medicine Technology
- Diagnostic Ultrasound

The following BSc Radiography programmes are subject to change based on approval and accreditation of HEQSF aligned top-up qualifications. Please consult the CPUT website or faculty for more information.

Your admission requirements may therefore differ between the existing qualification and the HEQSF aligned qualification. Please consult the CPUT website or faculty for more information.

Minimum Admission Requirements

The Department utilises an Admission Point Score (APS) as selection criteria once your minimum admission requirements are satisfied.

You also have to score a minimum of 30 on the APS.

Minimum Admission Requirements

National Senior Certificate (Grade 12) with:
- Mathematics (4)
- Life Sciences (4)
- Physical Sciences (3)
- Accounting (3)
- English (4)

National Senior Certificate (Grade 12) with:
- Mathematics (4)
- Life Sciences (4)
- Physical Sciences (3)
- English (4)

How to apply

The highly competitive programs have closing dates.

International applicants may only apply online.

Your future subjects

FIRST YEAR
- Health Science Literacy 2
- Human Sciences 2
- Technology 1
- Radiographic Technology 1
- Physical Science 1

SECOND YEAR
- Health Science Research 3
- Human Sciences Research 3
- Technology 2
- Radiographic Technology 2
- Physical Sciences 2

THIRD YEAR
- Nuclear Medicine Technology 3
- Ultrasound Management 3
- Nuclear Medicine Equipment 3
- Diagnostic Ultrasound 3
- Advanced Radiographic Technology 3
- Medical Imaging & Oncologic Modalities 3
- Advanced Health Care Therapy 3
- Physics of Radiation Therapy 3

FOURTH YEAR
- Radiation Therapy Prof Practice 4
- Medical Imaging & Oncologic Modalities 4
- Radiation Therapy Prof Practice 4
- Health Science Research 4
- Human Sciences Research 4
- Entrepreneurship 4
- Business Communication 4

Your on-the-job training

You will be placed for compulsory experiential/clinical practice at Groote Schuur, Tygerberg, or any satellite hospital and public and private sector hospitals.

Applications are only open online. The closing date is 30 September.
