Do you hold a National Senior Certificate (NSC)?

Manual applications are only available to the following persons. Please note: a non-refundable application fee will be charged.

- Applicants applying for FPL (Reparation of Priority Learning)
- Non-South African citizens
- African learners with international qualifications
- Applicants with permanent residence in South Africa
- Applicants with Refugee Status / Asylum Seeker permit
- International students

Do you hold a National Certificate (Vocational)?

You have to meet the individual subject admission requirements for the Faculty of Business & Management Sciences. Please note: your language requirements for CPUT may differ from the existing qualification and the HEQSF aligned qualification.

Subject to change

For a guide to navigating through the back of this brochure, please visit our website www.cput.ac.za for updates.

STUDENT VISAS

Students requiring a visa to study in South Africa are required to apply for a student permit by completing Form 18A. For more information, you may apply at the Department of Home Affairs or to the SA High Commission, if you are applying from your home country.

Students using a passport should register with a valid study permit, which clearly indicates that student is actively studying in South Africa, not only any university or college in South Africa. In addition to the payment listed by South African registration at registration, all overseas students will be required to pay an additional R 1 000 administrative fee (non-refundable, one-off payment) for all applications, registering for the first time – except for refugees and learners with permanent resident status. (For refugee learners and learners with permanent resident status this fee will be paid at the Department of Home Affairs). The balance of the fees for the year must be paid by 31 May of the following year. Students from 10 August of the previous academic year until 10 August of the following academic year are required to pay the following fees:

Start to be paid in full before registration in the year of your academic year.

<table>

ARE YOU AN INTERNATIONAL APPLICANT?

Students registering for the first time MUST apply for visa study from their country of residence. Students registering after their first academic year or for further study (visas) do not require a visa study.

MAKE SURE YOU SELECT THE CORRECT COUNTRY.

You will be required to submit the following documents (certified copies less than three (3) months old):

- A non-refundable administrative fee
- Academic transcripts
- Final NSC certificate (non-refundable, once-off payment)
- SAQA certificate (compulsory for all international applicants)

Certificates in foreign languages should be submitted, together with English translations completed by an accredited translator. Once you receive an official letter of acceptance and the letter of intent from the Application & Registration Centre, you should submit your application to the SA Trade Representative closest to your home for a study permit.

HOW WILL YOU PAY IT?

If you hold a National Certificate (Vocational) and would like to apply to study in the Faculty of Business & Management Sciences, you will need to meet the following requirements:

- Have a National Certificate (Vocational) Level issued by the Council for前所未有的和生活教育
- Meet the language requirements for Mathematics and Engineering courses
- Must be in a position to write proficiency tests as part of the admission requirements.

Please consult the website www.cput.ac.za study/track for updates.

**Future career prospects:**
- Agricultural engineers are employed by the government, agricultural companies, and research institutions.
- Chemical engineers find employment in chemical manufacturing industries, pharmaceutical companies, and environmental organizations.
- Human resource management professionals are sought after in various sectors, including government, education, and private companies.
- Landscape architects work in public parks, private gardens, and urban planning agencies.

**Recommended subjects:**
- Mathematics and Science
- English Literature and Language
- Economics and Business Studies

**Grade requirements:**
- A percentage of at least 60% (code rating 5) in three other subjects which includes the language of instruction
- Subject to the space availability, consideration will be given for admitting students to the ECp programmes with:
  - English (5) (60 – 69%)
  - Mathematics/ Mathematical Literacy
  - Physical Science (5) (60 – 69%)

---

**Application Process:**
- Submit an application form by December 15th.
- Provide proof of secondary school graduation.
- Submit a detailed personal statement.
- Attend an interview if selected for a preliminary assessment.
